

# Summer 2024

## Honors Recovery Program

Contact Aundrea Atwood-Starkey ([aatwood-starkey@aacps.org](mailto:aatwood-starkey@aacps.org)) or Patrick Malone ([pmalone@aacps.org](mailto:pmalone@aacps.org)) with any questions

### Courses Being Offered

Honors English 9/10/11 SI & S2

Honors Biology

Honors Algebra 2 SI & S2

Honors Geometry SI & S2

Honors US Government SI & S2

Honors US History SI & S2

*Pick one semester of one course to complete.*

July 8th - August 8th

Classes will meet virtually for 90-minutes between 8AM and 11AM on Monday - Thursday. A 90-minute block will be assigned for students to attend.

\*If a student takes Biology, then they will meet for the full 3 hours since it is a year long course.

### When & Where

### Student Attendance

Attendance via Google Meet is required daily to check in with their teacher and complete course work. Students can also complete course work outside of class time. Once a student completes a course, they no longer need to attend class.

APEX is a self-paced online learning platform where students will complete assessments & classworks/discussions. Teachers are there to assist students on content as needed. For each module, students will complete a pre-assessment, where they can test out of assessments if they demonstrate mastery. Students must complete all assignments/assessments to earn a final grade.

### What is APEX?
