Severna Park High School building which replaced the original building.

Severna Park High School (SPHS) in Severna Park, Maryland has served the students and community since 1959. We are a mid-sized suburban high school with a student population ranging from 1750-1950 students in any given school year. In 2017 we opened the doors to a newly constructed

A "Tradition of Excellence" is proudly displayed and touted at SPHS. We are both a National Blue Ribbon School of Excellence and a Green School, and we offer student-access to college preparatory, vocational, and special education programs to students in grades 9-12. Our students participate in engaging instruction in order to acquire content knowledge and are actively involved in research-based instructional methods. Severna Park High School continues to move from great to extraordinary.

Programs of Choice

Signature Program

A Signature is a theme chosen by a school and its surrounding community, to connect classroom instruction with real-world situations and workforce-relevant skills. A Signature brings together educators with local business and community leaders to make classroom instruction relevant, interesting, and challenging for students with opportunities that connect to the 21st century workplace.

The **Business, Innovation, and Leadership Signature** program strives to inspire business, innovation, & leadership in all Severna Park High School students. Students develop a sense of individual responsibility, learn life and career skills, gain business knowledge, creativity and the critical thinking skills required to achieve the highest levels of personal, academic and career success. Students who take full advantage of signature program offerings will complete high school highly qualified for both workforce and higher education experiences.

More information on Signature Programs can be found at www.aacps.org/signatures.

AVID

AVID is an academic, elective program designed to provide support to students who are in the "academic middle." AVID prepares students to enter and be successful in college through career and college exploration.

During each AVID class, students receive instruction in: reading/writing across the curriculum, note and test-taking strategies, study skills, organization and time management.

Project Lead the Way

Project Lead The Way provides transformative learning experiences for PreK-12 students and teachers across the U.S. We create an engaging, hands-on classroom environment and empower students to develop in-demand knowledge and skills they need to thrive. We also provide teachers with the training, resources, and support they need to engage students in real-world learning. Our pathway engages students in hands-on activities, projects, and problems; empower them to solve real-world challenges; and inspire them to reimagine how they see themselves.

Leadership Institute

The SPHS Leadership Institute strives to develop a positive attitude and spirit among students and to promote integrity, character, civic-mindedness, self-reliance, and service for the improvement of school and community. The Leadership Institute is a 3-year, 3-semester commitment. Coursework begins in the fall of sophomore year, continues through spring of junior year, and culminates within fall or spring of senior year (depending on capstone project implementation). Students apply online for the Institute during the end of fall semester of freshman year. Members participate in leadership courses, attend seminars and take part in service projects which prepare them to lead their own service project during their senior year.

Co/Extracurriculars

SPHS boasts over 80 after-school clubs and student interest activities, as well as interscholastic sports, Band, Orchestra, Dance, Drama/Theater, and Art. SPHS is known for their athletics and performing arts prowess across the county, state, and nation. Students perform exceptionally well not only in the classroom, but on the field and stage as well.
