*Pick one semester of one course to complete.*

July 10th - August 10th

Classes will meet virtually (Google Meet) on Monday - Thursday for a 90-minute period between the hours of 8AM and 12PM. A 90-minute block will be assigned for students to attend.

### When & Where

### Student Attendance

Attendance via Google Meet is required daily to check in with their teacher and complete course work. Students can also complete course work outside of class time. Once a student completes a course, they no longer need to attend class.

Edmentum is a self-paced online learning platform where students will complete multiple choice assessments & classworks/discussions. Teachers are there to assist students on content as needed.

For each module, students will complete a pre-assessment, where they can test out of assessments if they demonstrate mastery. Students must complete all assignments and assessments to earn a final grade for the course.

### What is Edmentum?
